Subject: Follow-Up Testing Completed - Conforming Results  
Sample Tag: F232015001  
Model: Vinyl Menthyl Silicon Rubber (MVQ) Compound No. "S002N70A"  
File: MH60271, Vol. 1

Dear Applicant:

**This letter is automatically sent when sample tag is completed with Conforming results.**

Any information and documentation involving UL Mark services are provided on behalf of UL LLC (UL) or any authorized licensee of UL.

The Follow-Up Services Testing has been completed on the Gaskets and seals - component, Vinyl Menthyl Silicon Rubber (MVQ) Compound No. "S002N70A" selected by our Field Engineer at your HIGH TECH PROJECT SRL, Palazzolo S/O, 25036, IT factory on July 20, 2023.

The following tests were conducted with conforming results.

TENSILE STRENGTH AND ELONGATION AS RECEIVED  
HARDNESS TEST - AS RECEIVED (MEASURED BY SHORE DUROMETER)  
TENSILE STRENGTH AND ELONGATION AFTER AGING OR CONDITIONING

Your continued cooperation in maintaining conformance with the applicable test requirements is appreciated.

All the samples will be discarded after 2 days unless they are requested to be returned or pick up. If you would like to have the sample returned, please provide us with the shipping account information for the shipping charges or notify us if you want to pick up the samples. Note: For samples containing Batteries, due to instability of tested samples, UL will not ship any battery samples back. If you would like to have the samples back, you must inform us to make special arrangements to pick up tested battery samples.

If we can be of any further assistance, please do not hesitate to contact VERONICA ACEVEDO at +18476643499 or via email at FUSProjectOwnerPM.NBK@ul.com.

---

NOTE: Should any of your FUS Sample Testing contact information change, please let us know so our records can be updated.
